Classes may remain in the cafeteria on their assigned weeks. All others will eat in their classrooms. These are school weeks, if we are out three or more days on your assigned week you will repeat your week upon return. All grade levels **MUST** remain on the same week rotation for this to work efficiently. Each class has been assigned 4 tables. Students may sit on 1 side of table and every other seat. Should be 9 students per table, with 4 tables accommodating a class of 36. If you need additional seating tables 13 and 14 may be used for overflow.
